

## **SUBMARINE COMBAT SYSTEMS**

JUNE 10 – JUNE 14, 2024

**LECTURER-IN-CHARGE:** Mr. Matthew O'Connell, USW Combat Systems Director of Programs, Naval Undersea Warfare Center Division Newport (NUWC DIVNPT)

**TUITION: \$2887**

### **DAILY CLASS ROUTINE:**

Monday: Classroom facility opens at 0730 and will be secured at 1700.  
Class begins at 0800 and ends at 1700. Optional ice breaker after class –  
Za Pizza, 350 Third Street, Cambridge.

Tuesday: Classroom facility opens at 0730 and will be secured at 1700.  
Class begins at 0800 and ends at 1700.

Wednesday: Classroom facility opens at 0730 and will be secured at 1700.  
Class begins at 0800 and ends at 1700.

Thursday: Field trip to Naval Undersea Warfare Center, Newport RI.  
Bus departs from front of Draper Laboratory (555 Technology Square) at 0700  
and returns around 1800. Lunch will be provided during the tour.

Friday: Classroom facility opens at 0730 and will be secured at 1600.  
Class begins at 0800 and ends at 1600.

**LOCATION:** Classes will be held in the Hill Building, Building NE-80, Room 1409 at 1 Hampshire Street, Cambridge, MA. The classroom is adjacent to MIT's main campus at The Charles Stark Draper Laboratory. Click [here](#) for a map of relevant locations for the course.

### **COURSE DESCRIPTION AND OBJECTIVE:**

The objective of this course is to provide the student with an overall knowledge of submarine combat systems and the factors that drive their design. This course will also examine the impact of submarine missions and operating environment from the point of view of platform design impacts. The course covers current and future trends in submarine combat systems. Maintaining undersea superiority and sustaining the undersea advantage are the themes for this course. The performance and design of individual combat subsystems (sonar, combat control, communications, imaging, electronic warfare, vehicles, weapons, payloads and launcher systems) will be addressed.

Capabilities of all submarine classes are highlighted with the focus on Virginia class and SSBN (OHIO and COLUMBIA). The Tactical Submarine Evolution Plan (TSEP) is discussed, focusing on future classes, including SSN-X and SSGN-X. The Submarine Force's portfolio of missions is presented including Subsea and Seabed Warfare (SSW).

The course covers current and future trends in submarine combat systems. Maintaining undersea dominance and sustaining the undersea advantage are the themes for this course. The performance and

design of individual combat subsystems (sonar, combat control, communications, imaging, electronic warfare, weapons, payloads and launcher systems) will be addressed. Advanced submarine/USW payloads and Navy experimentation are presented.

The following topics will be covered:

- Introduction and Overview of Submarine Missions and Roles
- Submarines 2050 – Sustaining the Advantage
- Submarine Construction and Non-Propulsion Electronic Systems
- Submarine Combat System Architecture Implications for Submarine Design
- Communications/Electro-Magnetic/Electro-Optical Systems
- Sonar Arrays (Hull/Towed Arrays) and In-Board Processing and ARCI philosophy and program
- Combat Control Systems and SWFTS Re-Architecture
- USW Weapon and Off-Board Vehicle Systems
- Unmanned Systems (Undersea Vehicles and Aerial Systems)
- Undersea Strike – A Current Perspective
- Advanced Payloads for Future USW
- Payload Storage and Launcher Systems
- Submarine-Based Special Warfare
- Subsea and Seabed Warfare
- Strategic Deterrence Mission, Platforms, and In-Service Support

**LECTURERS** (Subject to Availability):

Mr. Matthew O’Connell	USW Combat Systems Director of Programs, NUWCDIVNPT
Mr. Edward Rishmany	Senior Systems Engineer, SEACORP
Mr. Martin Moebus	Senior Engineer, KMS Solutions
Mr. Michael Cockey	CAPT (ret.) ASW Mission Capability Manager (MCM), NUWC
Ms. Rebecca Chhim	Head, USW Combat Systems Department, NUWCDIVNPT
Mr. Andrew Hulton	SSN-X Technical Project Manager, NUWCDIVNPT
Mr. Edward Giarnese	NPES, Technical Project Manager, NUWCDIVNPT
Mr. Daniel Schwab	Engineer, Sensors and SONAR Systems, NUWCDIVNPT
Mr. James Broadmeadow	Head, Ocean Engineering Division, NUWCDIVNPT
Mr. Jeffrey Cadman	Senior Warfare Analyst, NUWCDIVNPT
Ms. Marie Bussiere	Technical Director, NUWCDIVNPT
Mr. Tejal Patel	SWFTS Technical Project Manager, NUWCDIVNPT
Mr. Brian Alexander	AN/BYG-1 Technical Project Manager, NUWCDIVNPT
Mr. Samuel Gilbert	Lead Systems Engineer Active Sonar Subsystems, NUWCDIVNPT
Mr. Jeff Merritt	Lead Systems Analyst for the ARCI Program, NUWCDIVNPT
LCDR Dan Miller	Executive Officer, NUWCDIVNPT
Mr. Adam Carvalho	Technical Direction Agent, Submarine Comms/Antenna Systems, NUWCDIVNPT
Mr. Curtis Richard	Head, EM Warfare Special Projects Branch, NUWCDIVNPT
Mr. Gene Hackney	Director for Undersea Warfare, NUWC
Mr. Georges Dassot	OPNAV Project Officer and SSW MCM, NUWCDIVNPT
Mr. William Roman	ASuW MCM, NUWCDIVNPT
Mr. Tim Nolan	UxS Chief Engineer, USW Combat Systems, NUWCDIVNPT

Mr. Scott Osterman	USW Launcher and Payload Integration Customer Advocate
Ms. Tara Barnum	Customer Advocate, Strategic Systems Programs, NUWCDIVNPT
Mr. Michael Woods	Head, Undersea Vehicles Analysis Branch, NUWCDIVNPT
Ms. Rachel Amore	Senior Analyst, Undersea Vehicles Analysis, NUWCDIVNPT
Mr. David Gimple	USW Strike MCM, NUWCDIVNPT
Mr. AJ Kirkwood	OHIO Chief Engineer, NUWCDIVNPT
Mr. Ben Fernandes	COLUMBIA Chief Engineer, NUWCDIVNPT

**GUEST LECTURERS** (Subject to Availability):

VADM Johnny R. Wolfe, Jr.	Director, Strategic Systems Programs
RADM Scott W. Pappano	Program Executive Office, Strategic Submarines
RADM Jon Rucker	Program Executive Officer, Tactical Submarines
RDML Todd Weeks	Program Executive Officer, Undersea Warfare Systems
RDML Lincoln Reifsteck	Program Executive Officer, AUKUS
Mr. Bradford Neff	Deputy Director, Undersea Warfare Division, OPNAV
Dr. Steven E. Van Dyk	Chief Engineer, Strategic Systems Programs
Megan Turner	Senior Program Manager, VIRGINIA Class Design, Electric Boat

**SPECIAL NOTE:** This course contains material governed by Distribution Statement D. Distribution authorized to the Department of Defense and U.S. DoD contractors only. Other requests shall be referred to Naval Undersea Warfare Center, 1176 Howell St., Newport, RI 02841-1708 via the Lecturer-in-Charge, Mr. Matthew O'Connell.

LOCATION: Classes will be held in the Hill Building, Building NE-80, Room 1409 at 1 Hampshire Street, Cambridge, MA. The classroom is adjacent to MIT's main campus at The Charles Stark Draper Laboratory. Click [here](#) for a map of relevant locations for the course.

**COURSE ELIGIBILITY AND CLASSIFICATION:** Applicants are expected to have mature technical backgrounds which, either through experience, or education is at least equivalent to graduate education. This course is classified SECRET/NORFORN. It is open to active-duty U.S. military, U.S. government employees, and U.S. civilian contractor personnel with U.S. government sponsorship. It is NOT open to foreign nationals. A SECRET security clearance is required. A current U.S. Government ID or current Passport will be required each day to obtain a badge for classroom access. Students with appropriate clearances that are outside of DoD must apply by 30 April 2023 to allow time for 'need to know' to be established and approval received through appropriate channels.

**APPLICATION AND TUITION PAYMENT:** Course enrollment is limited. Seats are reserved in order of receipt of complete applications with 'confirmation of enrollment' upon receipt of payment or obligation of funding through your training coordinator (SF-182).

Note: If course demand is high, we reserve the right to release any unconfirmed enrollments in order to provide a wait-listed student an opportunity to attend. Nominally will do so three weeks before course start date. However, we will make every effort to notify you beforehand and request your intentions.

Flexible payment options, including:

- 1) Wire transfer
- 2) Credit card (VISA, MasterCard, Discover Card, American Express)

### 3) Check

Please see detailed directions on our website for application and payment. Link on upper right of the 2N course webpage <http://2n.mit.edu/> or direct to link of <http://naval-pro-summer.mit.edu/>

It is critical that you provide the name of your training coordinator and/or the person who will be making the tuition payment on your application as we must receive payment in order to hold your place in the course – without payment (or obligated funds via approved SF-182) we may need to release your seat to someone else on the wait list.

In advance of payment, a training officer approval (block 3b of SF182) obligating funds is accepted to confirm enrollment. Full payment is due MIT at least one week before course.

**CANCELLATION:** Cancellations within ONE (1) week of the first day of the course will be subject to a \$100.00 charge. Substitution by another applicant will be allowed provided an application is received and their security clearance is processed by Draper Laboratory.

**ACCOMMODATIONS:** Course tuition DOES NOT include accommodations. Each student must arrange his or her own transportation and hotel accommodations. Hotel space in Cambridge is very limited during the summer, so early advance reservations are strongly recommended. We have reserved a small block of rooms at the government rate at a local hotel which is located a short walking distance from the classroom and provides convenient access to the MBTA Red Line at the Kendall/MIT station. We will send you information about our hotel block when we confirm enrollment and payment (or obligated funds via approved SF-182) in the course. The hotel will release the hold on any unclaimed rooms FOUR (4) weeks prior to the first day of the course. Car rental is neither necessary nor recommended.

**STUDENT ATTIRE:** Business casual. Students are advised to bring a sweatshirt, sweater or jacket in the event that the classroom is cold.

**REFRESHMENTS:** Continental breakfast will be provided in the morning and a light snack each afternoon. Lunch will be provided on those days when working lunches/guest speakers are scheduled.

**POINT OF CONTACT:** If you have any questions, please contact the Naval Professional Summer Coordinator at 617-324-2237 or by e-mail to [profsum@mit.edu](mailto:profsum@mit.edu).

**EMERGENCY CONTACT INFORMATION:** During class, students may be contacted by leaving a message at 617-258-22851 or by e-mail at [dsegall@draper.com](mailto:dsegall@draper.com).

**PORTABLE ELECTRONIC DEVICES:** This course is CLASSIFIED. The classroom will be managed as a CLOSED AREA at all times during the period of instruction. Among other restrictions, this means that no recording devices or other electronic devices will be allowed into the room unless prior arrangements have been made. Such arrangements must be made at least three weeks prior to the first day of class. Personal electronic equipment must be left outside the classroom. The area will be guarded, but will NOT be locked. Please keep this in mind when deciding what to bring with you and what to leave in your hotel room. Examples of personal electronic equipment that are NOT allowed in the classroom: laptops, PDAs, iPods, calculators, wireless fitness trackers (such as Fitbit, Basis Peak, or Jawbone Up), cell phones, Iwatches, cameras, and flash drive memory sticks. NOTE that this is not an all-inclusive list. If you have a Portable

Electronic Device not listed here, do not hesitate to ask Draper Security prior to bringing the device inside the classroom.

If you require a medical assist electronic device, arrangements can be made to allow these in the classroom. Please contact Draper at (617) 258-2285 or [dsegall@draper.com](mailto:dsegall@draper.com) at least three weeks prior to the first day of class.

**VISIT REQUESTS:** Visit requests can be sent via two methods and should be sent no later than three weeks prior to your class in order to ensure adequate processing time.

1. Preferred Method: Visit requests can be sent via DISS SMO Code 519934. Please ensure that the following is included in DISS visit requests:
  - a. POC: John Mich/MIT ProSummer
  - b. Valid dates (length of the course/visit only)
  - c. POC phone number: 617-258-1459
  - d. In the Visit Notes section, specify whether you are an instructor or student and enter name of the course you are teaching or attending
2. If you cannot use DISS, visit requests can be faxed to (617) 258-2000. Faxed visit requests must contain the following information.
  - a. Employer's Name
  - b. Employer's address, Phone Number and CAGE Code.
  - c. Visitor(s) Full Name
  - d. Social Security Number
  - e. Citizenship
  - f. Date and Place of Birth
  - g. POC: John Mich/MIT ProSummer
  - h. Valid dates (length of the course/visit only)
  - i. Purpose: (Specify whether you are an instructor or student and enter the name of the course you are teaching or attending.)
  - j. Clearance Information

If you need to confirm that your visit request has been received and is in order, please contact Draper's Personal Security Office at [persec@draper.com](mailto:persec@draper.com) or (617)-258-3105.

In addition, this course includes a day trip to Naval Undersea Warfare Center located in Newport RI.

#### **NUWC VISIT REQUESTS:**

A visit request is mandatory also needed to NUWC Division Newport, government and civilian. Access to NUWC Division Newport will not be granted under any circumstances without a valid visit authorization request on file along with two forms of official government pictured ID upon arrival.

- DISS is the preferred method for submitting visit requests
- The Security Management Office (SMO) for visits is 666045
- Technical POC: Matthew O'Connell
- Include "Submarine Combat Systems Course" in POC Phone Number
- Date of visit (only list single date): 13 June 2024

- Questions may be addressed to NUWCDIVNPT Security Division at 401-832-2551. Additional POC is Deanna Monell at 401-832-7408.

For those that are unable to use JPAS, a visit request must be FAXED to the NUWC Division Newport Security Division at 401-832-4396 on company letterhead containing the following information:

- Visitor's full name (Last, First, Middle Initial)
- Company or Organization Name – complete address, phone number, fax number & CAGE code
- Visitor's Social Security Number – This information is protected by the Privacy Act of 1974
- Visitor's Date of Birth and Place of Birth (city/state)
- Citizenship
- Individual's Level of Clearance Access – This information is verified using JPAS
- Specific Date(s) of Visit (include the year): 13 June 2024
- Technical Point of Contact (POC) at NUWC Division Newport (include name & phone number)
- Specific Purpose of Visit (include classification of visit): Submarine Combat Systems Course
- Name, Title and Signature of authorizing company official (may NOT be one of the listed visitors)

**Note: In addition, a CAC, DBIDS, or Military ID will be required to gain entrance into the NUWC Facility.**
